# How to Read the Promising Practices Collection

## About the Project

**1** What each organization's project set out to achieve at the time funding packages were received (2022).
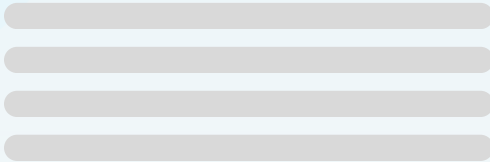

SPMH-funded organization operating region

## Where We Are

**2**

## Contact

Who to contact at the organization for more information

## ✔ Promising Practice

**3** With work underway, organizations were asked to identify interventions, programs, services, or strategies that show potential (or "promise") for developing into a best practice. CHSSN was interested to know about anything that felt promising, even if it was not yet at the promising practice stage.

### ★ Key Success Factors

**4** The intervention-specific elements needed to achieve success and positive outcomes.
